SUBJECT AND AUTHOR INDEX

Abdominal surgery, protein-sparing therapy after, 274 (abstract)
Abstracts, nutrition practice poster, 71
Academic misconduct, A.S.P.E.N. policy on, 69
AIDS
  alternative/complementary therapies in, 36 (abstract)
  weight loss prior to, prognosis and, 275 (abstract)
Alcoholic cirrhosis, malnutrition in, 275 (abstract)
Alternative therapies, in HIV infection, 36 (abstract)
American Society for Parenteral and Enteral Nutrition. *See* A.S.P.E.N.
Amino acid based dialysate, in continuous ambulatory peritoneal dialysis, 33 (abstract)
Amino acids, parenteral, leucine and urea kinetics and, in preterm infants, 276 (abstract)
Anemia, prevention of, 139
Anorexic drugs, pulmonary hypertension and, 277 (abstract)
Antibiotics, catheter site, 109
Appetite suppressants, pulmonary hypertension and, 277 (abstract)
A.S.P.E.N.
  20th Anniversary Program highlights, 279
  clinical guidelines for parenteral nutrition, implementation of, 53
  policy on academic misconduct, 69
  standards for hospitalized pediatric patients, 217
  standards for nutrition support nurses, 127
  standards for nutrition support physicians, 235

Bile salts, tube occlusion inhibition by, 105
Billing practices, for nutrition support, 121
Blind loop syndrome, malabsorption after, diagnosis and treatment of, 43
Body composition, and resting metabolic rate, effect of on total energy expenditure, 79 (abstract)

Calcium phosphate precipitation, in parenteral nutrition, FDA Safety Alert for, 59, 120 (erratum)
Calorie calculations, protein inclusion in, 204
Calories, nonprotein vs. total, 206 (letter)
Cancer, head and neck, radiation-treated, nutrition in, 157
Catheter, central. *See* Central catheter
Catheter infection, prevention of, 109
Central catheter
  care of, 109
  infection prevention for, 109
  infection rates for, in acute care hospital, 78 (abstract)
  peripherally inserted
    new method for, 34 (abstract)
    safety and efficacy of, 199
Children. *See also* Infant; Neonate
  gastrostomy button in, 193
  nutrition support in, 181 (editorial), 183
    A.S.P.E.N. standards for, 217
    enteral access in, 193
Chronic obstructive pulmonary disease (COPD), nutrition support in, 207
Cirrhosis, malnutrition in, 275 (abstract)
Clinical pathways, nutrition support, 16
Clinical practice guideline algorithm, for A.S.P.E.N. parenteral nutrition guidelines, 53
Clinical practice guidelines, A.S.P.E.N., for parenteral nutrition, implementation of, 53
Continuous ambulatory peritoneal dialysis, amino acid based dialysate in, 33 (abstract)

Dexfenfluramine, pulmonary hypertension and, 277 (abstract)
Dextrose, parenteral, hyperglycemia and, 151
Dialysis
  intradialytic parenteral nutrition in, 5
    after small bowel resection, 12
  peritoneal, continuous ambulatory, amino acid based dialysate in, 33 (abstract)
Diarrhea, tube-administered lorazepam and, 117
Diet, postgastrectomy, noncompliance with, 66
Dressings, catheter site, 109
Drug-nutrient interaction, with phenytoin, 28

Elderly
  nutritional risk screening for, 95
  protein-calorie malnutrition in, 36 (abstract), 78 (abstract)
Enteral access, in children, 193
Enteral delivery sets, rinsing of, formula contamination by, 269
Enteral formula, phenytoin interaction with, 28, 175 (letter)
Enteral nutrition. *See also* Nutrition support
  in children, access for, 193
  feeding bags rinsing in, formula contamination by, 269
  with parenteral nutrition, propofol administration in, 147
  performance improvement process for, 274 (abstract)
  phenytoin administration in, 28, 175 (letter)
  tube occlusion in, bile salt inhibition of, 105
  tube placement in
    staff nurse certification for, 21
    in very-low-birthweight infants, 77 (abstract)
Epigastric pain, multiple surgeries for, in noncompliant patient, 66
Errata, 120
Esophagectomy, malabsorption after, diagnosis and treatment of, 43
Esophagogastrectomy, malabsorption after, diagnosis and treatment of, 43
Ethical issues
  in nutrition support, 243 (editorial), 254, 265
  in treatment withdrawal/withholding, 243 (editorial), 254, 265

FDA Safety Alert, for parenteral nutrition precipitation hazards, 59, 120 (erratum)
Feeding bags, rinsing of, formula contamination by, 269
Feeding tube. *See under* Tube
Fenfluramine derivatives, pulmonary hypertension and, 277 (abstract)
Fistulas, gastrointestinal, malabsorption after, diagnosis and treatment of, 43
Formula
  contamination of, feeding bag rinsing and, 269
  phenytoin interaction with, 28, 175 (letter)
Fraud, academic, A.S.P.E.N. policy on, 69

Gastrectomy, malabsorption after, diagnosis and treatment of, 43
Gastrointestinal fistulas, malabsorption after, diagnosis and treatment of, 43
Gastrostomy button, in children, 193
Gay men, nutritional assessment in, 35 (abstract)

Harris-Benedict equations, utility of, 99
Head and neck cancer, radiation-treated, nutrition in, 157
Health Care Financing Administration, billing practices survey and, 121
Hemodialysis, intradialytic parenteral nutrition in, 5
  after small bowel resection, 12

Hepatic cirrhosis, malnutrition in, 275 (abstract)
Hepatobiliary surgery, malabsorption after, diagnosis and treatment of, 43
HIV infection. *See* Human immunodeficiency virus infection
Home care, managed care and, 171
Homosexual men, nutritional assessment in, 35 (abstract)
Hospitals, teaching, physician nutrition specialists in, 35 (abstract)
Human immunodeficiency virus infection
  alternative/complementary therapies in, 36 (abstract)
  progression of, micronutrient deficiencies and, 77 (abstract)
Hyperglycemia, parenteral dextrose and, 151
Hypertension, pulmonary, appetite suppressants and, 277 (abstract)
Hypophosphatemia, graduated phosphate dosing scheme for, 278 (abstract)

Infant
  preterm, leucine and urea kinetics in, parenteral amino acids and, 276
  very-low-birthweight, nasogastric intubation in, 77 (abstract)
Infection, central catheter
  in acute care hospital, 78 (abstract)
  prevention of, 109
Intradialytic parenteral nutrition, 5
  after small bowel resection, 12
Intubation
  nasogastric, in very-low-birthweight infants, 77 (abstract)
  staff nurse certification for, 21
Iron, parenteral, 139

Journal articles, plagiarism/fraud in, A.S.P.E.N. policy on, 69

Legal cases, on treatment withdrawal/withholding, 243 (editorial), 254, 265
Leucine kinetics, in preterm infants, parenteral amino acids and, 276 (abstract)
Lorazepam, tube administration of, diarrhea and, 117

Malabsorption, postoperative, diagnosis and treatment of, 43
Malnutrition
  in alcoholic and virus-related cirrhosis, 275 (abstract)
  impact of on clinical outcome, 277 (abstract)
  protein-calorie, in elderly, 36 (abstract), 78 (abstract)
Managed care
  home care and, 171
  nutritional risk screening in, 95
Medical school–affiliated hospitals, physician nutrition specialists in, 35 (abstract)
Metabolic rate, resting
  body composition and, effect of on total energy expenditure, 79 (abstract)
  Harris-Benedict equations for, 99
Micronutrient deficiencies, HIV progression and, 77 (abstract)
Mineral deficiencies, HIV progression and, 77 (abstract)

Nasoenteric feeding, tube insertion in, staff nurse certification for, 21
Nasogastric intubation, in very-low-birthweight infants, 77 (abstract)
Neonate
  preterm, leucine and urea kinetics in, parenteral amino acids and, 276
  very-low-birthweight, nasogastric intubation in, 77 (abstract)
Noncompliance, with postgastrectomy diet, 66
Nurses, nutrition support, A.S.P.E.N. standards for, 127
Nutritional assessment, in homosexual men, 35 (abstract)
Nutritional risk screening, 95
Nutrition practice poster abstracts, 71
Nutrition Screening Initiative, 89
Nutrition support. *See also* Enteral nutrition; Parenteral nutrition
  billing practices for, 121
  clinical pathways for, 16
  ethical issues in, 243 (editorial), 254, 265
  improved clinical outcome and, 277 (abstract)
  withdrawing/withholding of, 243 (editorial), 254, 265
Nutrition support nurses, A.S.P.E.N. standards for, 127
Nutrition support physicians, A.S.P.E.N. standards for, 235
Nutrition support team, clinical rounds with, 207

Parenteral nutrition. *See also* Nutrition support
Pain, epigastric, multiple surgeries for, in noncompliant patient, 66
Pancreatectomy, malabsorption after, diagnosis and treatment of, 43
Parenteral amino acids, leucine and urea kinetics and, in preterm infants, 276 (abstract)
Parenteral dextrose, hyperglycemia and, 151
Parenteral iron supplementation, 139
Parenteral nutrition
  A.S.P.E.N. clinical guidelines for, implementation of, 53
  enteral nutrition in, propofol administration in, 147
  intradialytic, 5
    after small bowel resection, 12
  peripheral, diagnostic and therapeutic technology assessment in, 78 (abstract)
  precipitation hazards in, 59, 120 (erratum)
  total
    72-hour line changes in, 34 (abstract)
    via central catheter, safety and efficacy of, 199
Pediatric nutrition support, 181 (editorial), 183. *See also* Children
  A.S.P.E.N. standards for, 217
  enteral access in, 193
PEG button, in children, 193
Performance improvement process, for enteral nutrition, 274 (abstract)
Peripherally inserted central catheter, safety and efficacy of, 199
Peripherally inserted central catheters, new technique for, 34 (abstract)
Peripheral parenteral nutrition. *See* Parenteral nutrition
Peritoneal dialysis. *See also* Dialysis
  continuous ambulatory, amino acid based dialysate in, 33 (abstract)
Phenytoin, via enteral tube, drug-nutrient interaction in, 28, 175 (letter)
Phosphate, graduated dosing scheme for, 278 (abstract)
Physician nutrition specialists, in teaching hospitals, 35 (abstract)
Physician reimbursement, billing practices and, 121
Physicians, A.S.P.E.N. standards for, 235
Plagiarism, A.S.P.E.N. policy on, 69
Postgastrectomy diet, noncompliance with, 66
Practice guideline algorithm, for A.S.P.E.N. parenteral nutrition guidelines, 53
Precipitation hazards, in parenteral nutrition, FDA Safety Alert for, 59, 120 (erratum)
Preterm infants
  leucine and urea kinetics in, parenteral amino acids and, 276 (abstract)
  very-low-birthweight, nasogastric intubation in, 77 (abstract)
Propofol, in combined enteral and parenteral nutrition, 147
Protein, in calorie calculations, 204
Protein-calorie malnutrition, in elderly, 36 (abstract), 78 (abstract)
Protein-sparing therapy, after abdominal surgery, 274 (abstract)
Pulmonary hypertension, appetite suppressants and, 277 (abstract)
Pyloroplasty, malabsorption after, diagnosis and treatment of, 43

Radiation therapy, for head and neck cancer, nutrition and, 157
Resting metabolic rate
body composition and, effect of on total energy expenditure, 79 (abstract)
Harris-Benedict equations for, 99
Right to die, 241 (editorial), 254, 265
Rinsing, of enteral delivery sets, formula contamination by, 269
Risk screening, 95
Screening, nutritional risk, 95
Short bowel syndrome. *See* Small intestinal resection
Small intestinal resection
intradialytic parenteral nutrition after, 12
malabsorption after, diagnosis and treatment of, 43
Squamous cell carcinoma, of head and neck, radiation-treated, nutrition in, 157
Subtotal gastrectomy, malabsorption after, diagnosis and treatment of, 43
Surgery
abdominal, protein-sparing therapy after, 274 (abstract)
hepatobiliary, malabsorption after, diagnosis and treatment of, 43
multiple, for epigastric pain, in noncompliant patient, 66

Taurocholate, tube occlusion inhibition by, 105
Teaching hospitals, physician nutrition specialists in, 35 (abstract)
Terminal illness, treatment withdrawal/withholding in, 243 (editorial), 254, 265
Total energy expenditure, body composition and resting metabolic rate effects on, 79 (abstract)
Total parenteral nutrition. *See* Parenteral nutrition
Treatment decisions
ethical aspects of, 243 (editorial), 254, 265
objectivity vs. subjectivity in, 3 (editorial)
Treatment withdrawal/withholding, 243 (editorial), 254, 265
Tube administration
of lorazepam, diarrhea and, 117
of phenytoin, drug-nutrient interactions and, 28, 175 (letter)
Tube insertion
nasogastric, in very-low-birthweight infants, 77 (abstract)
staff nurse certification for, 21
Tube occlusion, bile salt inhibition of, 105

Urea kinetics, in preterm infants, parenteral amino acids and, 276 (abstract)

Vagotomy, malabsorption after, diagnosis and treatment of, 43
Vascular access, 87 (editorial)
Very-low-birthweight infants, nasogastric intubation in, 77 (abstract)
Virus-related cirrhosis, malnutrition in, 275 (abstract)
Vitamin deficiencies, HIV progression and, 77 (abstract)

Weight loss, prior to clinical AIDS, prognosis and, 275 (abstract)
